Dear Sir,

This is to bring to your kind notice that the expert ,Prof T Kishore who was present on line on 5 th May, the day when I presented the syllabus of Physics, made the comment that syllabus is good and didn't ask to make any change in the syllabus. However,he raised questions for keeping dissertation in all the four semesters of P.G. but this applies not only for Physics but for all the subjects and this is the given structure which we have to follow.

Therefore ,the syllabus which I have sent you is the final version of the syllabus. I am attaching the short ppt of the structure of the syllabus.
